Vacuum Cleaner

UPGRADE FOR LIFE

Powerful Cyclone
With the latest advanced technology and the trust that comes with a 100-year reputation for reliability, Hitachi home appliances are the ultimate choice for every room, in every home. Featuring smart human-friendly designs, advanced eco-conscious technologies and quality materials, Hitachi home appliances accentuate your everyday life. Upgrade for Life.

**The Allergy UK Seal of Approval**

Hitachi’s vacuum cleaner was awarded the Allergy UK Seal of Approval in recognition of its proven ability to reduce exposure to allergens.

*Tested by Allergy UK (The British Allergy Foundation). Tested with house dust mites and pollen.

The Power Boost Cyclone Cleaning Difference

With cutting-edge Power Boost Cyclone technology and a 2300W* motor, Hitachi’s latest vacuum cleaners provide exceptionally powerful suction for more thorough cleaning than ever. Plus unrivalled Japanese quality and reliability.

Powerful Cyclone

Dust & Air Centrifugal Separation System

Air is efficiently boosted at the cyclone chamber inlet to generate a powerful cyclone that separates dust and air by centrifugal force. And the stepped shape design of the dust case helps to prevent dust from being blown back to the top.

High Power Motor

The application of fluid analysis techniques has resulted in a high-efficient design that generates the high power that’s the source of the powerful suction.

Easy and Clean Dust Disposal

Dust, together with the allergens it contains, is highly compressed by the Dust & Air Centrifugal Separation System. You can push it out by using just one hand with the one touch operation feature.

Washable Dust Case

You can disassemble the dust case and wash all the parts with water, so it’s easy to keep it clean.

*Power inputs differ depending on the model.

### Power Boost Cyclone Series/SC Series

- **CV-SC230V 2300W**
  - Easy & Clean Dust Disposal
  - Tool Holder
  - Variable Power Settings
  - Cotton Light (One-Touch Zoom Pipe)

- **CV-SC220V 2200W**
  - Easy & Clean Dust Disposal
  - Tool Holder
  - Variable Power Settings
  - Cotton Light (One-Touch Zoom Pipe)

- **CV-SC23V 2300W**
  - Easy & Clean Dust Disposal
  - Tool Holder
  - Variable Power Settings
  - Cotton Light (One-Touch Zoom Pipe)

- **CV-SC22 2200W**
  - Easy & Clean Dust Disposal
  - Tool Holder
  - Variable Power Settings
  - Cotton Light (One-Touch Zoom Pipe)

### Clean Exhaust Air

- **Nano Titanium Filter**
  - A powerful antibacterial and deodorizing effect.

- **Micro Clean Filter**
  - Captures pollen, house dust and other allergens.

- **Motor Filter**
  - HEPA Filter
  - Captures pollen, allergens and minute particles of dust.

- **Exhaust Filter**
  - Captures pollen, allergens and minute particles of dust.

- **Highly Airtight Motor Case**

### Bed Nozzle

- **Effectively removes dust mites and allergens using these special bed nozzles.**

### Fabric Beat Head

- **The rotating tribe beaters removes dust mites excreta and remains.**

### Bed Nozzle

- **Effectively removes dust mites and allergens using these special bed nozzles.**

### Smart Head

- **The motorized head is made even more airtight to generate a high-speed airflow enabling powerful suction of dirt as well as wiping.**

### PowerWipe & 4-Way Suction

- **Pad rotates at high speed to cleanly wipe the floor while dirt is sucked in 4 ways from both sides as well as the front and the back.**

### Multi Angle Head

- **Head rotates 90° each side, so you can reach dust in narrow areas and crevices.**

### Carbon-Made One-Touch Zoom Pipe & Hose

- **One-Touch Zoom Pipe**

#### Free-Moving Head

- **Flat Mechanism**

### Variable Power Settings

- **One-Touch Zoom Pipe**

### Motor Filter Exhaust Filter

- **Highly Airtight Motor Case**

### Electric Beater

- **The Electric Beater vibrates, and beats fabrics to remove and suck in dust mite excreta and remains.**

### Fabric Beat Head

- **The rotating tribe beaters removes dust mites excreta and remains.**

- **Applies to the CV-SC220V.**

### Power Beat Head

- **The Electric Beater vibrates, and beats fabrics to remove and suck in dust mite excreta and remains.**

- **Applies to the CV-SC220V.**
Easy Cleaning Anywhere

Hard floors, carpets, under sofas and beds, in hard-to-reach crevices, on the tops of shelves... wherever you want to clean, Hitachi’s SE Series vacuum cleaners have a variety of nozzles that are just right for the job. Keeping your home spotless has never been easier!

**Specially Designed for Hard Floors**

- **Dry Mop Head**
  - Equipped with soft brush at the bottom, this nozzle cleans the hard floor as if wiping with a mop. And you can wash it with water when it gets dirty.

**Designed for Rugs/Carpets/Hard Floors**

- **Multi Angle Head**
- **2-Step Rug/Floor Nozzle**
- **Rug/Floor Nozzle**

**Accessories for Various Situations**

- **Fabric Beat Head**
- **Dusting Brush**
- **Multi Angle Nozzle & Brush**
- **Crevice Nozzle**

**Dust & Air Centrifugal Separation System**

Powerful 2300W high power motor creates a strong airflow generated in the tube filter that creates a powerful cyclone to efficiently suck up even fine dust.

**Easy Dust Disposal**

Dust, together with the allergens it contains, is compressed by the Dust & Air Centrifugal Separation System. You can dispose of it with one-touch operation using just one hand without coming into contact with it.

**Washable Dust Case**

Washable Dust Case

Powerful 2300W Suction Technology

Long-Lasting Suction Power
User-Friendly Functions and Designs

**Upward Exhaust**
Clean air is exhausted in an upward direction.

**Large and Tough Design**
The body is made durable and large buttons assure easy operation.

**Power Control Knob**
Enables delicate adjustment of suction power.

**Quiet Mode**
Offers lower noise operation when you need to vacuum quietly.

**Large ø160mm Wheels**
The large wheels assure light, smooth movement.

Clean Air with 7-Stage Filtration

HEPA & Nano Titanium Filter
The exhaust filter is detachable to enable quick and easy maintenance before you continue vacuum cleaning.

Multi Cleaning Series/SE Series

- **CV-SE230V** 2300W
  - Dust Capacity 2.0L
  - Multiple Cleaning Nozzles
  - Metal Telescopic Pipe
  - Power Control
  - Easy Dust Disposal
  - Tool Holder

Excelllent Performance for Sand Dust Collection

Big 6.0L Dust Capacity
Thanks to Hitachi 3D High-Density Design, the unit can hold a big 6.0L of sand dust in an 8.0L dust bag. This enables you to vacuum the house from corner to corner while reducing the frequency of dust disposal.

172% Longer-Lasting Strong Suction Power
*Tested by Hitachi. Applies to the CV-BD230Vj.

Auto Suction Booster
It's a simple, automatic operation to refresh the dust bag. Just pull out the power cord to activate the Auto Suction Booster and vibrate the filter, and clogs in the bag are removed to maintain strong suction.

Fine Dust Captured by the HEPA & Nano Titanium Filter
*Applies to the CV-BD230Vj and BA22V.
The filtration system differs depending on the model.

Tough Design Yet Easy to Handle

Sand Blower
Blows away sand and light dust particles with a powerful airflow to clean places such as entrances and hallways.

Swivel Connection & Twist-Free Hose
Regardless of how you move, the hose remains free of twists.

Large Soft Wheels
The large wheels assure light, smooth movement.

172% Longer-Lasting Strong Suction Power
*Tested by Hitachi. Applies to the CV-BD230Vj. 150% longer-lasting strong suction power to the CV-BA22V, BA20V and BA18.
**Cylinder Type**

**Compact Bagged**

- CV-BM16 1600W
  - Dust Capacity 1.5L
  - Rug/Floor Nozzle
  - Plastic Pipe
  - Crevice Nozzle
  - Tool Holder
  - Large Wheels
  - Power Cord 5.0m
  - Twist-Free Hose

**Bagless Models**

- CV-W2000 2000W
  - Dust Capacity 3.0L
  - Rug/Floor Nozzle
  - Nano Titanium Filter
  - Telescopic Pipe
  - Blower
  - 2-Way Dusting Brush & Crevice Nozzle

- CV-W1800 1800W
  - Dust Capacity 1.5L
  - Rug/Floor Nozzle
  - Plastic Pipe
  - Blower
  - 2-Way Dusting Brush & Crevice Nozzle

- CV-W1600 1600W
  - Dust Capacity 1.5L
  - Rug/Floor Nozzle
  - Plastic Pipe
  - Blower
  - 2-Way Dusting Brush & Crevice Nozzle

**More Efficient Cleaning**

- **Wide 2-Step Rug/Floor Nozzle**
  - The suction head can be easily adjusted in 2-way for different surfaces.
  - (Applies to the CV-BM16)

- **Dusting Brush**
  - Easy cleaning of uneven surfaces.

- **Crevice Nozzle**
  - Easy cleaning of hard-to-reach spaces such as crevices in fabrics.

- **Twist-Free Hose**
  - Regardless of how you move or rotate the head, the hose remains free of twists.

- **Tool Holder**
  - Holds two easy-to-remove tools.
  - (Applies to the CV-W2000)

- **Blower**
  - Blows away sand and light dust particles with a powerful airflow to clean places such as entrances and hallways.

**Clean Air with Nano Titanium Filter**

- Tested by Japan Super Fine-particle Evaluation Research Institute Method JIS L1902. **Antimicrobial Method:** Consistent with JIS L1902. **Bacterial Method:** Evaluated in accordance with JIS L1902. **Nano Titanium Filter:** Reflectiveness of above 90%.

**Designed for More Efficient Cleaning**

- **2-Step Rug/Floor Nozzle**
  - Easily adjusted in 2-way for different surfaces.
  - (Applies to the CV-W2000)

- **Telescopic Pipe**
  - Enables pipe length adjustment as desired.

- **Twist-Free Hose**
  - Regardless of how you move or rotate the head, it remains free of twists.

- **Blower**
  - Blows away sand and light dust particles with a powerful airflow to clean places.
Drum Type

Huge 25L Capacity and Ultra-Tough Cleaning Power!

Heavy Duty Design

Hitachi heavy-duty drum type cleaner delivers an outstanding performance with giant dust capacity up to 25L and a high-power up to 2300W. All this and more in a vacuum cleaner ready to clean every corner of your home.

Made in Japan Series

- CV-9850YRJ: 2200W / 18L, Black-Gold

Giant Series

- CV-995DC: 2300W / 25L, Gold-Black

Standard Series

- CV-975FC: 2300W / 25L, Gold Black
Giant Capacity, Longer-Lasting Suction Power

Larger than Ever Dust Capacity
The large 330mm diameter tank can hold up to 25L of dust. As well as letting you vacuum for longer, this reduces how often you have to dispose of dust.

Easy Power Cord Storage in a Fast 5 Seconds
Automatic Cord Rewind
The new body is designed to hold the long 8.0M power cord inside it. Just press a button and the cord automatically rewraps and is stored inside the unit.

Extra Toughness
High Power 2300W
The application of fluid analysis techniques has resulted in a high-efficiency design that generates the high power that’s the source of the powerful suction.

Extra Tough Body
Durable & Stronger Metal Body
Hitachi’s strong metal body features three beads to protect the tank from deformation and other damage.

Clean Exhaust Air
HEPA Filter
The HEPA filter captures pollen, allergens and minute particles of dust for clean exhaust air.

Nano Titanium Filter
This Nano Titanium Filter is a cutting edge technology that uses a TiO2 catalyst to provide a powerful antibacterial and deodorizing effect.

User-Friendly Features
2-Step Rug/Floor Nozzle
The suction head can be easily adjusted in two ways for different surfaces.

Infrared Remote Control
Power settings are right by your hand so you can easily adjust power to match the place and type of floor surface you’re vacuuming.

Telescopic Pipe
Enables pipe length adjustment as desired.

Blower
Blows away sand and light dust particles with a powerful airflow to clean places such as entrances and hallways.

Extra Convenience
Easy Dust Disposal Handles
Dual handles make it easier to hold the body for more convenient dust disposal. The large handles have also been specially designed to make it easy to hold.

Multi Angle, Free-Moving Head & Flat Mechanism
The head rotates 90° each side, so you can reach dust in narrow spaces. Also, the head stays flat to enable thorough cleaning even under low furniture such as your bed or sofa.

Dust Brush & Crevice Nozzle
On board tool storage holds two types of nozzles for different vacuuming needs.

Blowing away sand and light dust particles with a powerful airflow to clean places such as entrances and hallways.
Made in Japan Series

**2300W High Power Motor**
The highest Max. input wattage of the Made in Japan model is 2300W. High suction power vacuum cleaners mean cleaner rooms.

**23% Stronger Metal Body**
The thicker tank is 23% stronger than the conventional 21.0L model. *Calculated by fHearts.*

Cordless-Stick Type

2 in 1 Design

Auto Drive Head
- Uses lithium-ion batteries.
- PV-XD200: Deep Champagne / Pearl Red
- PV-XE90: Deep Red / Pure White

Dry Mop Head
- Uses lithium-ion batteries.

Stick For Effortless Floor Cleaning
- Variable Power Control
  Enables easy cleaning of dark areas.
- 6 LED Lamps
  Enables easy cleaning of dark areas.
- Auto Drive Head
  The motorized brush rotates for quick dust pick up and smooth cleaning.
- PV-XD200 only
- Dry Mop Head
  Cleans the hard floor as if wiping with a mop. And you can wash it with water when it gets dirty.
- Soft brush at the bottom.
- PV-XD200 only, Dry-wiping only
- Multi Angle Brush Nozzle
  For cleaning shelf tops.
- Crevice Nozzle
  For narrow spaces and alongside walls.

Handy For Quick Cleaning
- Ideal for quickly cleaning car seat / mats and food crumbs.

Powerful Cyclonic Dust Compression
- Sucked in dust and air are separated centrifugally. What’s more, cyclone power thoroughly compresses the dust to enable plenty of cleaning.
- PV-XD200 only

Easy Cleaning and Maintenance
- Easy Dust Disposal Case
  Dispose of compressed dust with minimal scattering.
- PV-XD200 only
- One-Touch Detachment
  The brush can be removed easily for maintenance.
- PV-XD200 only

Powerful dusty compression

Self-Supporting Design
- Switch off the power part way through cleaning, and enables you leave the unit standing.

Compact Storage
- Stick cleaner handle can be folded for extra storage convenience.
